

Neighborhood Evacuation Map Planner

Plan evacuation routes, nearby shelters, fuel stations, hospitals, and safe zones before emergencies happen.

Flooding, landslides, and severe weather can disrupt normal routes quickly in Malaysia. This planner helps families identify safer evacuation paths and nearby emergency resources ahead of time.

Emergency Location	Address / Directions	Notes
Nearest Flood Shelter		
Nearest Hospital / Klinik		
Nearest Petrol Station		
Police Station / Balai Polis		
Backup Family Meeting Point		

Evacuation Route Checklist
